MISSION STATEMENT: The mission of Crossroads Counseling, Inc. is to provide substance abusers with understanding and support during their journey to recovery while helping them gain the skills and resources needed to imitate, maintain, and sustain long-term recovery, which will create a sense of hope and healing in our community by reaching one person at a

A Certified Recovery Specialist (CRS) will...

- Introduce and engage recoverees in the recovery community
- Provide telephone recovery support
- Provide support before, during, and after treatment
- Offer advocacy services
- Make referrals for case management services
- Provide outreach for recoverees early in recovery

A CRS works closely with the any individual in need of supportive services to help accomplish longterm goals with regard to recovery.

A CRS can help you find your pathway to recovery and can bridge the gap between your needs and available resources so you can halt your addiction.

Denise Feger, MS, CADCD Program Director
